RE : Web designer position

I am writing to apply for the position of Web designer at Legislative Assembly, which was advertised online at The Ontario Public Services on January 24,2019.

Top notch wire framing skills and user-friendly design skills are a must in the fast-paced techno savvy life and I pride myself for possessing a good prototyping and designing skill.

I have enclosed my CV to support my application. It shows that I would bring important skills to the position, including my creative design skills as well as accuracy and team work.

I am a good match for this job because I understand the client/user needs and desires. I also have the Master of Science in Computer Application & Information Technology from the Gujarat University and experience in Web Design field in various web design companies.

Legislative Assembly has been interest to me since I started my career in web designing field. The growth and esteem I can gather by working at the Legislative assembly is always been my eye-catching for me.

I would enjoy having the opportunity to talk with you more about this position, and how I could use my skills to benefit your organization.

Thank you for considering my application. I look forward to hearing from you.

Yours sincerely,
Dimpy Vaidya
